Professional (C1)

Qualities

- **Rigor & Critical Thinking**
- **Methodical Problem Solving**
- **Curiosity & Continuous Learning**
- **Team Collaboration & Communication**

Hobbies and Interests

- **Reading & Intellectual Tech Watch**
- **Chess & Strategy Games**
- **Fitness & Running**
- **Music & Sound Rhythm**

Profile

Undergraduate in CS (Licence 2) at the University of Yaoundé I. React/Node.js web developer and security analyst building high-performance, resilient, and secure-by-default applications.

Professional Experience

Freelance Full-Stack & Security Developer from 2025 to Present

Independent Services, Yaoundé

Designing responsive web solutions and secure-by-default software architectures for clients and academic projects.

Web Engineering & Design :

- Building complex administrative dashboards in React and TypeScript
- Deploying reproducible development and production containers using Docker

Application Security & OWASP :

- Strict adherence to OWASP Top 10 guidelines (anti-XSS, CSRF, input sanitization)
- Robust session management, role-based access control, and code review

IT Support & Security Intern from June 2025 to Aug 2025

UY1 Technical Group, Faculty of Sciences, Yaoundé

IT infrastructure upkeep, network switch maintenance, and web system shielding.

Infrastructure & Network support :

- Preventive and corrective maintenance of computer labs and network switches
- Firewall log monitoring and secure landing pages (anti session hijacking)

Education

B.Sc. in Computer Science - Year 2 2025 - Present

University of Yaoundé I, Faculty of Sciences

- Advanced algorithms, complex data structures, and system level languages (C/C++)
- Cryptography foundations, encryption protocols, and network security

B.Sc. in Computer Science - Year 1 2024 - 2025

University of Yaoundé I, Faculty of Sciences

- Algorithms design and applied program implementation in C
- Standard web practices (HTML5, CSS3, ES6), responsive design, and SQL databases

CERTIFICATIONS

- **Google Cybersecurity Professional Certificate**
Coursera / Google • 2025
- **Meta Front-End Developer Specialization**
Coursera / Meta • 2025
- **IBM Cybersecurity Analyst Professional Certificate**
Coursera / IBM • 2025
